30 NEW CORPORATE WEAR STYLES

ELEVATE

Welcome to Elevate 2016

Elevate is more than a name – it's an idea, one that shapes our thinking and inspires our design. It's the guiding principle for an apparel collection that elevates your brand, elevates your style and elevates your performance. With three distinct line-ups – Essential, Life and Select – that make it easy find what you need, Elevate continues to raise the standard for branded apparel.

YOURBRANDLIVESHERE

WHEREVER YOU WANT TO GO,

We do our best to make things easy – and that goes for our catalogue too. It's organised to help you find what you're looking for quickly. Whether it's product information or details about decoration, we've got it all.

T-SHIRTS & ACTIVE TOPS

Everyday must-haves that work for you

P. 24

POLOS

Versatile styles for comfort all day long

P. 42

SHIRTS

P. 70

FLEECE & ACTIVE KNITS

Tech fabrics that perform under any conditions

P. 82

WE CAN HELP YOU GET THERE

SWEATERS & PULLOVERS

Soft, stylish looks for every day of the week

P. 100

JACKETS

Stay protected in style when the temperature dips

P. 116

HEADWEAR & ACCESSORIES

Complete your look with stylish caps and accessories

P. 156

ELEVATE

THREE DISTINCT PRODUCT LINE-UPS WITHIN ONE BRAND

ESSENTIAL

LIFE

SELECT

THREE DISTINCT PRODUCT LINE-UPS WITHIN ONE BRAND

That's the whole idea behind the introduction of our new Essential, Life and Select line-ups to group the diverse Elevate collection into three distinct categories, making it easy for you to find the right look at the right price.

YOUR BRAND LIVES HERE

ESSENTIAL

These are the classic styles, constructed with durable fabrics that deliver value and performance seven days a week.

ELEVATE

LIFE

Raising the bar for basics, the Life collection features trendier looks with broad appeal.

SELECT

The Select collection includes fashion-forward styles. High-quality fabrication, with exceptional performance.

ESSENTIAL

Look for this tab throughout the catalogue.

Sometimes you need apparel that works a little harder. That gives you a little more for your money. Our Essential collection does both, with durable fabrics that can be washed and worn again and again. At budget-friendly prices, the Essential collection is a smart choice for your bottom line.

LIFE

Look for this tab throughout the catalogue.

Our versatile Life collection is stylish – but not too stylish, if you know what we mean. These are great-looking pieces that anyone can be comfortable wearing regardless of their fashion sensibilities, giving them a broad appeal that's perfect for a range of promotional possibilities.

SELECT

Look for this tab throughout the catalogue.

You know them as soon as you see them: The forward-thinkers. The risk-takers. These are brands that are defined by their bold new ideas, and they demand apparel that's every bit as dynamic. Our Select collection features fashion-forward styles, cutting-edge technical details and high-performance materials that – like the brands they represent – are always a step ahead.

thermaltech 

RETAIL INSPIRED LOOKS,

High-end retail-inspired looks, for an amazing price that fits your needs.

TRENDY LOOKS

P. 133

6 DECORATION METHODS, YOUR BRAND YOUR WAY

There are six techniques to choose from, each with distinctive characteristics, allowing you to create exactly the right look.

E Embroidery

With thread colours to match any logo, embroidery is always a popular choice.

- Classic look
- Up to 12 colours per embroidery
- Perfect for left/right chest and left/right bicep

D Deboss

Deboss creates a subtle tone-on-tone look with a dye that's heat-pressed into the material.

- Ideal for waterproof fabrics
- Striking 3D appearance
- Apply to almost any location
- Unlimited washability

L Laser engraving

Laser can be applied at virtually any location.

- Smooth, glossy finish
- Unlimited washability
- Best on mid-range colours

T True edge Transfer

This cutting-edge heat-transfer process produces remarkable clarity and precision.

- Allows for extreme detail like small text
- Four-colour process or spot colour
- Perfect for logos with many colours
- Alternative to embroidery for thin garments
- Maintains integrity of waterproof fabrics

S Screenprint

Time-tested decoration method that enables vibrant and durable graphics on virtually any material.

- Economic choice for large multi-coloured decoration
- Great choice for a distressed look and feel
- Ideal technique for T-shirts

I Infusion™

- Razor sharp with higher resolution
- Offers a comfortable, breathable decoration
- Untouchable
- Offers unlimited colours for one set up

INTRODUCING

inFusion 

THE UNTOUCHABLE DECORATION

Look for this logo throughout the catalogue

Re-imagine decoration

We have developed a new technique that infuses your logo into the fabric creating an untouchable decoration with razor sharp detail, unlike any other.

**YOU CAN'T FEEL IT,
EVEN IF YOU TRY.**

FIT FACTS

Your guide to comfort

Elevate products are designed to give the wearer optimal fit options. Whatever the desired look or end use, we have a cut for your every need. The silhouette of the products is specified to take the guesswork out of choosing the right garment for your wearing needs.

Tailored fit

More fitted waistline and an overall tighter fit, which accentuates the body shape.

Regular fit

Not too tight. Not too loose. Classic cut that follows the shape of the body with ease of movement.

Global fit

Slightly looser than the regular fit for added comfort.

Relaxed Fit

Generous cut with added ease allowing for loose comfort.

APPAREL TECHNOLOGY,

Elevate continually explores new advances in fabrication technology to offer you apparel that looks as good as it works. Whether it's rain-shedding capability for the outdoors, on-the-go wash & wearability for busy people, or multiple advanced features for specialised use, we take our innovation techniques further.

webtech™ 

STAY COOL WHEN IT'S HOT.

- › **Wicking**
- › **Evaporates**
- › **Breathable**

When you're active, staying cool and dry is easy with polos and technical tops featuring WebTech. It wicks moisture through the breathable fabric to evaporate away from your skin.

ICON INDEX

Moisture management is achieved at the Yarn stage, where the microfibre yarns create a capillary action to channel sweat away.

Three materials of differing characteristics, are joined together, creating a composite fabric with superior performance.

Product helps prevent wind from penetrating.

Stay warm and feel comfortable with a breathable insulated membrane, and resistance barrier to extreme elements.

Unique yarns or fabric finishes that transport moisture to the outer surface.

Inside opening for easy decoration access.

Two materials are joined together, creating a composite fabric with enhanced performance.

Fabric surface is treated to repel water.

Integrated hood.

Fabric is engineered to prevent snagging.

Permanently covering the inner seams with waterproof tape for long lasting waterproof protection.

Hood that can be removed.

Products allow moisture to escape from the body.

Insulation is added between the inside and outside fabric of the garment for warmth.

Integrated hood that can be folded and stowed away in the collar.

A durable finish that is used on high cotton content fabric to help retain a pressed appearance after many washes.

Protect yourself from wind and rain. This technology offers complete comfort in a variety of conditions.

Fabric or garment has been treated during manufacturing to minimize shrinkage during washing.

Products made of waterproof materials to keep moisture out.

A treatment applied to fabric that resists the formation of little balls or pills on the surface of the fabric.

A finish used on the fabric that makes ironing the garment easier.

The product's ability to block cold air flow from permeating the fabric.

Fabric content provides stretch allowing for a more comfortable fit.

Fabric is knit in the shape of a round tube, creating a garment without side seams.

Product provides protection from UV rays. UPF value represents the fractional amount of sun's harmful UV rays that pass through a fabric.

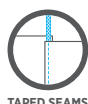

Microscopic water droplets are transported into the atmosphere and are dispersed into the air.

YKK® zipper used in the garment. YKK® is the world's leading zipper brand and represents high quality.

The skillful blending of natural and man-made yarns results in fabrics that have easy care properties.

Special tape is fused into shirt seams to give the seams a smooth, non-wrinkle appearance.

Unique finish that controls bacteria growth, prevents odours and maintains garment freshness.

Fabric finishes are used to resist moisture penetration.
